

# Weekly Newsletter

Friday 7<sup>th</sup> June

Discussion of the Week

We may have had only three days back with the children, but what a busy start to this half term it has been. Children and staff continue to work hard and I have had some visits from children with really super work this week to award merits to. All of the children are able to talk confidently about when and how they can show our school learning values of motivation, resilience, collaboration, curiosity, independence and respect. At the end of the term, classes will identify their final two individual winners, as well as the prestigious Learning Value Role Models. Everyone is always very excited about this news.

It is hard to believe we have now less than seven full weeks until the summer holidays. This is always a busy half term, with much time dedicated to planning ahead for September for all children. As always, arrangements for classes for next year will be revealed in advance of the move up session.

## Sports Day

This is one of the times of the year where we cross our fingers for a dry day and take extremely careful note of the weather forecast! At present it does not look that promising, but these things have a habit of changing quickly. We will as always continue to watch and in the event of wet weather where it would be unsafe to run our event, we will make a decision by 10.30am and inform you by text, as well as a message on our Facebook page and Twitter. If this is the case, we will plan to use our reserve day (Wednesday 19<sup>th</sup> June). Gates will open at 1pm and you any guests will be very welcome to arrive, full of fine voice, to cheer on the participants! We are very much looking forward to Sports Day and hope you will be able to come and enjoy it with us.

## Life Education

The children have all had a slot in the inflatable classroom over the last two days learning about themes that we teach through our Personal, Social and Health Education (PSHE) lessons. We use the resource called 'Scarf', which is a valuable resource also used by many of our cluster schools. The feedback from the staff who have run the sessions has been fantastic. The children have all been brilliant and represented our school very well. I am always really proud to hear this and share it.

## Year 5 and 6 Theme Park Project

Project theme park is well underway. You are cordially invited to a viewing of these on Monday 17<sup>th</sup> June @2.30pm. We look forward to sharing the work with you. More details will follow next week.

*Hayley Ferguson*

**"I haven't failed. I have just found 10,000 ways that won't work."**  
**Thomas Edison.** What does this mean?

## Famous Event of the week

**D-Day landings  
1944**

## MERITS
