

# Weekly Newsletter

Friday 4<sup>th</sup> November

All memories of the beautiful summer and autumn have definitely gone now. We want to be able to maintain our use of the playgrounds and outdoor spaces for as long as possible, so we would welcome your help with ensuring your child has a jumper and a coat with them in school (and wear it when asked to). We would like them to be outside when there are light showers.

## Poppies

School Councillors are doing a great job taking the box of poppies round to classrooms each day. Many thanks to those of you who have donated to such a good cause already. Poppies will remain on sale until Friday 11<sup>th</sup> November. On this day, the children will be part of a Remembrance Assembly and will honour the 2 minutes silence at 11am.

## Science Week

Next week is Science Week and we are all looking forward to the children being scientists for the week. They will be undertaking various investigations in their own classes and in other classrooms with different teachers. On Friday, the children will be split into mixed year group teams and will be completing a special challenge. *We would like to invite you all in to your child's class from 3pm on Friday 11<sup>th</sup> November to see what the children have been learning.* We hope you will hear lots about it in the week too!

Many thanks to those of you who have responded to our plea for bringing in resources to help us organise the week. Please bring in any further useful items on Monday morning.

## Children in Need

We will be supporting the BBC Children in Need appeal this year in order to raise funds for the children who benefit from our help. On **Friday 18<sup>th</sup> November** we are providing the chance for everyone to dress up in something spotty for the day in exchange for suggested donation of 50p.

## Breakfast Club

Can we remind parents of children that come to breakfast club that the starting time is 8am, so please can you drop your child off no earlier than just before 8am. Thank you for your support with this.

## Parking in the school car park

Please can we respectfully remind you that parking in the car park is not permitted due to the space needing to be available for the taxis before and after school.

## Kings Copses blog

Thank you to those of you who have taken the time to look at the blog to see what all of the children have been up to. It has been lovely also to see some of your positive comments about it. Next week we anticipate lots more Science related posts. We hope you enjoy them!

*Enjoy the weekend.*

Hayley Ferguson

## Discussion of the Week

Science is only about finding out how things work.

Do you agree or disagree?

## 10 Golden Tickets

Lewis, Joshua, Oliver, Evan, Harry, Sophia, Harvey, Isie

### Merits

#### Bronze

Dallas (y2)

#### Silver

Lorna (y2)

#### Gold

Imogen (y2)
