Discussion of the Week

Y6 Class Assembly

What a fantastic performance from Y6 yesterday! We were treated to a brilliant blend of music, singing, sports, amazing dramatic performances of writing, as well as Scratch animations, maths work and more. Even Bear Grylls was in attendance, and the children shared with us their effectively functioning home-made water filter. The children's performance was confident, with their script and chosen parts of the assembly prepared entirely by them. It is hard to believe that will be their last class assembly whilst at Kings Copse, but we are all excited by their confidence in readiness for the Summer Performance. As always, my thanks go to parents and families who were able to come along and share the performance with us. Your support for your children is much appreciated.

Comic Relief

Thank you all for your support with helping children come to school today supporting Comic Relief. Celebration Assembly today was a sea of red – clothes, painted hair, red accessories and red noses! We managed to raise a grand total of **£142.90** for this really important cause.

Year R Area

The Year R team have asked me to politely remind your children that the resources and equipment is not to be used before or after school hours, or as part of the dropping off or collection of children. The outside area is a really important part of the Early Years curriculum, and their resources need to be respected. Thank you for help with reinforcing this message.

Y1 and 2 get wet at Marwell!

After a stunningly spring-like day on Tuesday, Y1 and 2 embarked on a fabulous day out at Marwell Zoo. Despite the VERY wet conditions at the start of the morning, the rain did not dampen children's enthusiasm, nor did it prevent the animals from coming out and showing themselves! Children, staff and volunteers had a great day, and staff were proud of how the children represented Kings Copse. Thank you to staff and volunteers for enabling us to have such a great day.

Bike It Ray

Bike It Ray will be in school next Wednesday (29th March) as part of our 'Big Pedal' fortnight – it has been great to see so many children and parents making the effort to travel to school sustainably. He will also be visiting classrooms to talk to the children about safe cycling and scooting.

Can I also take this opportunity to remind you that dogs (including very small puppies held in arms) should not be brought onto the school site. Thank you to those of you who leave your dogs outside the gate, although please be mindful of how close they are to the entrance, especially for parents/children that are fearful of dogs. Thanks for your help with this.

Hayley Ferguson

How important is it to have views that are different to others?

Merits

SAPPHIRE: Ben (y6)

DIAMOND: Findlay (y5)

OPAL: Jake (y5)

Well done to all of you!
