Friday 22nd March

Discussion of the Week

It has been another busy week in school and it is hard to believe that we are getting so close to the end of the second term! Now that the spring has officially begun, we can begin to think ahead to sunnier, warmer days again, surely the countdown to Eurovision begins? At the very least, we will look forward to playtimes on the field when the weather improves enough to dry it out so it is safe to play there. We are continuing to monitor our communication channels to ensure that we are doing our best to communicate with you. Our blog received almost 2000 views last month which is great! The Facebook page has also increased in terms of likes and followers. Thank you for checking in with all the great things that we are doing.

Y3 Class Assembly

This term is always a highlight for me with classes showcasing their confidence, learning and courage to perform in front of such a big audience. Yesterday was no exception as Y3 took their turn (although sadly I missed it). Everyone thoroughly enjoyed their overview of what they are proud of including Rock and Roll dancing, a 3 x table song with some funny actions, Iron Man and Stone Age Boy writing, and scientific knowledge about rocks. Well done Y3! Just YR left to go now.

Be the best that we can be

It has been fantastic to celebrate the breadth of other talents that the children have outside of school as part of Celebration Assemblies over the last few weeks. A steady increase week on week recently has enabled us to share how we develop our learning outside of school as well as in school. This week has been no exception! If your child has something they would like to show in Celebration Assembly, please send it in on Friday morning.

Big Pedal (March 25th – April 5th)

Bike it Ray came into Celebration Assembly today to energise everyone and inform us all about the theme of this year's Big Pedal. Children have been encouraged to try their best to walk more (even if it is only a little further than they would usually), scoot more and cycle more to help our school to win some fabulous prizes. The principle behind safe and sustainable travel to school is really important to us, and we value the support you give to travelling this way. Our journeys will be logged and compared with other local schools participating. The children were excited about trying our hardest to be the best school and I thank you in advance for helping us to do what we can to try! Please see attached information about the events that will be happening.

New School Dinner Menu

Please find details on the website for the new school dinner menu starting in April. Unfortunately we do not receive hard copies of these anymore, but a copy of the menu can be found at: <http://www.hants.gov.uk/hc3s>. The menus will also be sent to you by email.

We continue to be on the hunt for Lego too, please let us know if you have any you would like to donate! We would be very happy recipients of any donations.

Have a good weekend!

Hayley Ferguson

What are your ambitions?

Famous Birthday of the week

Mo Farah

1983 -

"I've shown that if you dream and are willing to work hard, you can achieve your dreams."
